Food Safety During COVID-19
Guidance for bringing home groceries

1. Upon entering your home, place bags with groceries on the floor.
2. Wash your hands for 20 seconds with soap and water.
3. Remove groceries from bags and put them away. Discard single use bags.
4. If using reusable bags, wash and sanitize them after each use.
5. When done putting food away, wash your hands for 20 seconds.
6. Sanitize your table if any bags come into contact with it.

There is no need to discard or sanitize any food packaging.
